**Quiz Competition to be conducted by RBI!**

Reserve Bank of India (RBI) is taking several initiatives to promote financial education among the members of the public, particularly the young minds of our country.

As part of such initiatives, a nationwide Quiz Competition is being conducted for undergraduate students to commemorate the 90th year of the Bank.

The competition spans multiple levels, has attractive prizes, and is open for participation by students pursuing bachelor's degree courses across all streams.

Teams comprising two students may register for the online Quiz.

The online quiz would be followed by a State-level quiz in which the top teams of the online quiz from the respective States would compete. This would be further followed by the Zonal level quiz in which winners of the State level quiz would participate. This would finally culminate in the National level quiz in which winners of the Zonal level quiz would participate.

The details of the Quiz and the link for registration are given below:
